

# SUPPORT FOR FINALISATION OF SRHR IEC MATERIALS

January 2021

## ABOUT PLAN INTERNATIONAL

**Plan International is an independent development and humanitarian organization** that advances children’s rights and equality for girls. We believe in the power and potential of every child. But this is often suppressed by poverty, violence, exclusion and discrimination. And girls are most affected. Working together with children, young people, our supporters and partners, we strive for a just world, tackling the root causes of the challenges facing girls and all vulnerable children. We support children’s rights from birth until they reach adulthood. And we enable children to prepare for – and respond to – crises and adversity. We drive changes in practice and policy at local, national and global levels using our reach, experience and knowledge. We have been building powerful partnerships for children for over 80 years, and are now active in more than 71 countries. Our work on adolescent sexual and reproductive health and rights (SRHR) has been developing for less than a decade and is underpinned by a gender-transformative approach aiming to tackle root causes of gender inequality and shifting unequal power relations that shape the prevailing social and gender norms that control girls’ sexuality. Adolescent SRHR has been championed by a number of Plan International’s country offices over the years, with exciting work underway in all regions where we work.

**Our key investment areas for SRHR are:**

- **Supporting access to comprehensive sexuality education and dialogue** that enables adolescents to explore values and attitudes, and build skills and coping mechanisms regarding sex and sexuality.
- **Strengthening quality adolescent- and gender-responsive SRHR services**
- **Strengthening support for adolescent girls and young women most-at-risk.**<sup>1</sup>

## THE TASK

We are currently looking for an SRHR specialist to support the finalisation of IEC materials and associated contextualisation guide to country offices in implementation of SRHR interventions in humanitarian responses and development settings. The consultant is expected to provide technical input and support the finalisation of:

Description	Approx. page #
<p><b>A set of ready-to-use IEC materials on core SRHR topics.</b> This includes templates for flyers with key messages on certain topics that will be made available alongside a folder with illustrations that Country Offices can download, use as-is, translate and contextualise as needed. The consultant is expected to review the content of the 8 draft flyers (each flyer is approx. 2 pages long), and create up to 5 additional flyers on key SRHR topics.</p>	<p><b>25 pages</b></p>
<p><b>Contextualisation guide</b></p> <p>The consultant is also expected to develop a guidance note for use and contextualisation of the IEC materials with considerations for both humanitarian and development settings</p>	<p><b>2-3 pages</b></p>

## THE CONSULTANT

The consultancy is expected to take no more than 10 working days and must be finalised by 28 February 2021, and is desk-based.

The successful consultant must have the following qualifications:

---

<sup>1</sup> At-risk is defined in line with the local context but is expected to target girls and young women who are married, pregnant, mothers, survivors of gender-based violence and those in crisis settings.

- Technical knowledge and proven experience within the humanitarian and/or development sector in SRHR for children and young people
- Good understanding of child rights, gender equality and inclusion
- Understanding of relevant humanitarian standards, including the Minimum Initial Service Package for Reproductive Health in Crises
- Excellent English communication skills
